## EDUCATION

CHANDIGARH UNIVERSITY

COMPUTER SCIENCE ENGINEERING BACHELORS

2021 - 2025

Punjab

## SKILLS

PROGRAMMING LANGUAGES

C++, Python, Java, MySQL, HTML, CSS

LIBRARIES/Frameworks

Appium, Selenium, Matlab, SoapUI, TestNG, Junit

TOOLS / PLATFORMS

IntelliJ, VS code, Android Studio, Autocad, Oracle, Appium

DATABASES

SQL, Realtime DB

## PROJECTS / OPEN-SOURCE

### ONLINE ADMISSION MANAGEMENT SYSTEM

Developed and implemented an automated patch management system that increased system security and reduced vulnerability exploits by 20%.

Approaching for the paperless work and fast process

Having easy to use Ui for new user

### STUDENT UNIVERSITY DASHBOARD

Represented student interests in university-wide committees, leading to improved access to resources and services

After Taking some reviews from the students we have tried some implementations and new features

### EXPENDITURE BASED APPLICATION

Firebase, Android Studio

It helps to manage our daily expenses in a more efficient and manageable way.

This application allows people to eliminate any unnecessary expenses and figure out if they are able to survive themselves or do they really need to ask help.

## CERTIFICATIONS

- Introduction to Web Development with HTML, CSS, JavaScript IBM - **COURSERA**
- Deep Learning and Reinforcement Learning - **COURSERA**
- The Bits and Bytes of Computer Networking Google - **COURSERA**
- Interpersonal Skills with Cultural Knowledge & Intrapersonal Awareness - **LINKEDIN**
- Time Management & ways of thinking - **LINKEDIN**
- The Complete React Js and Redux Course - Build Modern Web Apps - **INFOSYS SPRINGBOARD**

## HONORS & AWARDS

- Research Paper Published on Online admission management system
- Participated in Har Ghar Tiranga
- Participated in Hackshield CU Hackathon
